

“Let's Talk About Arthritis” (Hablemos Sobre Artritis)

The National Center for Farmworker Health, Missouri Arthritis, Research and Training Center, and Mo AgrAbility Project developed an arthritis prevention and self management program for migrant and seasonal farmworkers. This arthritis program includes a complete training curriculum in both English and Spanish and CD. The CD contains all of the training resources such as the Power Point Presentation, activity sheets, participant handouts, and other optional materials for Lay Health Workers to use in their educational sessions. Also, available is a teaching flipchart to be used by the lay health workers to deliver one-on-on or group educational sessions.

All resources are available in English/Spanish and on CD.

To purchase, "Let's Talk About Arthritis" (Hablemos Sobre Artritis) teaching curriculum contact Sandy Zaring, Missouri AgrAbility Project at 1.800.995.8503.
